Professional Summary

AI-focused Computer Science student with a strong foundation in Machine Learning, Data Structures & Algorithms, and Software Development. Skilled in Python and passionate about building intelligent, scalable solutions to real-world problems through AI and innovation.

Work Experience

- **Machine Learning Trainee | Global Infoventures Pvt. Ltd.** Sep 2025 – Apr 2026
Developed and evaluated machine learning models on NVIDIA DGX-A100 infrastructure, performing data preprocessing, feature engineering, model optimisation, and performance analysis.

Projects

- **Intelligent AI Attendance System** – Developed a multimodal attendance system using facial recognition and voice authentication for secure and accurate attendance tracking.
- **Neural Style Transfer using AdaIN** – Implemented a deep learning-based image stylisation system using Adaptive Instance Normalisation (AdaIN) for real-time artistic style transfer.
- **AI Resume ATS System** – Built an NLP-based platform to analyse resumes, compare them with job descriptions, and generate ATS compatibility scores.

Technical Skills

- **Programming Languages:** Python, SQL
- **Web Technologies:** HTML, CSS, Flask
- **AI/ML:** Supervised Learning, Unsupervised Learning, Deep Learning, Reinforcement Learning, Agentic AI, RAG
- **Data Visualization:** Tableau, Power BI
- **Tools & Version Control:** Git, GitHub

Certifications

- **Programming:** Complete Bootcamp: Zero to Hero in Python (Udemy), Python Essentials 1 & 2 (Cisco Networking Academy)
- **AI/ML:** AI/ML Certification (Apna College), Machine Learning and Data Science Course (GeeksforGeeks), Foundations of Generative AI (IBM), Getting Started with Generative AI (IBM)
- **Data Structures & Algorithms:** DSA Certification (CodeChef)
- **Data Analytics:** Tableau Certificate of Completion (ABESIT, Ghaziabad)
- **Fit in Deutsch 1** – Goethe-Institut (Max Mueller Bhavan), New Delhi

Education

ABES Institute of Technology, Ghaziabad	2023 – 2027
B.Tech in Computer Science and Engineering (Artificial Intelligence)	CGPA: 8.0/10.0
Father Agnel School, Noida	May 2023
Class XII (CBSE) – Science	73%
Father Agnel School, Noida	May 2021
Class X (CBSE)	86%

Languages

English • Hindi • German (A1)

Hackathons & Achievements

- **SIH Internal Winner 2025** – Secured top position at the institute level for designing and presenting an idea for detecting anomalies on roads and providing the fastest route using MATLAB.
- **Finalist at Ideathon 3.0** – Selected among the leading teams for proposing an innovative solution focused on system security and password management.
- **Shortlisted in the ABES EC Hackathon** – Recognised for designing and presenting PawPal, a full-stack pet adoption and NGO support platform with a socially impactful implementation.
